<b>USGS Topo Name:</b>	<b>Artesia, AZ 7.5'</b>
<b>Canal Length:</b>	<b>Short candidates remain unproven.</b>
<b>Canal Slope:</b>	<b>To be determined</b>
<b>Nominal Size:</b>	<b>Presently unknown</b>
<b>Land Ownership:</b>	<b>Arizona State Lands, combined with private lands</b>
<b>Access:</b>	<b>Fairly decent roads and tracks with longer foot access.</b>
<b>Field Verified:</b>	<b>Several nonproductive visits</b>
<b>Hanging?:</b>	<b>Yet to be determined.</b>
<b>Confidence:</b>	<b>Disappointing to date.</b>

### Locations of interest:

<b>N 32 35.701' W 109 44.338'</b>	<b>Possible Stockton Pass Wash takein point</b>
<b>N 32 37.004' W 109 43.669'</b>	<b>Start of modern appearing deep Vee ditch</b>
<b>N 32 37.096' W 109 43.621'</b>	<b>End of modern appearing deep Vee ditch</b>
<b>N 32 39.244' W 109 43.123'</b>	<b>Large wide diversion channel shows some age</b>
<b>N 32 38.237' W 109 44.821'</b>	<b>Beginning of Veech Canyon narrows</b>
<b>N 32 38.915' W 109 45.463'</b>	<b>Possible Spring Canyon water source</b>
<b>N 32 39.126' W 109 44.044'</b>	<b>Rumored location of prehistoric canal route</b>

<b>Significant Features:</b>	<b>Rumors yet to be proven.</b> <b>Several candidates of indeterminate age.</b> <b>Reasonable possibility for southernmost canal.</b>
------------------------------	---

<b>Images:</b>	<b>None at present</b>
----------------	------------------------

### Present work that needs done in the P Ranch area:

- Continue to search for definitive prehistoric canal evidence.
- Trace down and verify local canal rumors.
- Survey and map anything found.
